Declaration of Honor

We, the undersigned,

Student 1: Margarida Rodrigues da Silva Freire, Student No. 109526, MECD

Student 2: Sara Jacinto Costa, Student No. 110787, MECD

hereby declare, on our honor, that the work entitled "project1_regression", completed as part of the course Machine Learning, resulted from the active participation of the following group members.

Individual contributions

Student 1: Exploratory Data Analysis; data preprocessing; model application code; experiences with different models, parameters and data preprocessing conditions; feature selection with t-test; train.py, my_model.py and utils.py scripts; code review

Student 2: Exploratory Data Analysis; data preprocessing; model application code; analysis of the different methods of data pre-processing, with a view to improving the model; defining auxiliary functions; Grid search (including grid search functions) and best model selection; code review

We declare that this work is original and complies with the applicable academic regulations.

Group number: 31
